

Ztake Payments — Static QR Commercials Sheet

Ztake Payments provides secure and efficient Static QR payment solutions designed for small and medium merchants to collect UPI payments seamlessly. Below are the commercials and verification processes for setting up a static QR under Ztake Payments.

Category	Details
Setup & Activation Cost	■15,000 + GST (One-time)
Verification & KYC	Merchant KYC, business registration, and bank account validation incl.
QR Type	Static UPI QR linked to merchant's settlement account
Transaction Charges (Pay-in)	2% + GST per transaction
Settlement Cycle	T+1 (Next business day)
Monthly Maintenance	No monthly or hidden charges
Other Service Charges	Applicable for instant settlements, API access, or account changes
Replacement / Reissue of QR	■1,000 + GST (for reissue due to account change or loss)

Verification Process

- 1. Merchant Onboarding:** Submission of business details, PAN, GST certificate (if applicable), and bank proof.
- 2. KYC Verification:** Digital verification through Ztake Payments onboarding team.
- 3. Static QR Generation:** Once verified, a unique Static QR Code is generated and linked to the merchant's account.
- 4. Dispatch / Email Delivery:** QR provided digitally and optionally as a printed display.
- 5. Go-Live:** Merchant can start accepting UPI payments immediately after activation.

Note: All charges are exclusive of GST. Any integration with Ztake's dashboard or APIs may incur extra charges. For further assistance, contact **support@ztake.in**.
